

Be Our Guest at Camp Mitchell

We're so excited to host you up on the mountain!

As guests at Camp Mitchell, we ask that you take note of the following information.

Event Information, Arrival & Registration

If you are with a group or private event, your group leader will be your primary contact for information regarding arrival time, registration process, event schedule, lodging information, etc. There are no physical keys to distribute to participants staying in onsite lodging. Any access codes needed for gates or doors will be provided to you by the group leader.

Sharing the Camp

Retreats, weddings, and private stays throughout the year bring in a revenue stream that allows us to maintain and improve camp's facilities while keeping summer camp registration costs at an affordable rate. **Unless you're attending an exclusive event, please know that other groups may be onsite during your stay** – they won't be in the spaces your group has reserved, but they may be out and about or using a space that will be off limits to your group. We ask that all guests on campus are respectful of other groups on site. Look for reserved signs before entering spaces and ask your group leader if you have questions or concerns about which spaces are for use by your group.

Quiet Hours

Respect the 10pm-7am quiet hours unless specifically told otherwise from staff or leaders.

Onsite Camp Staff

Please be mindful that we have Camp staff members living onsite full time in private residences. Be good neighbors to them by not approaching private residences and respecting quiet hours.

There will be an on-call staff person onsite during your retreat to assist with emergent situations. The on-call phone number is posted in each lodge room. You can call or text this number.

Food Service

As a full-service camp and retreat center, we're proud to offer delicious "from scratch" meals created by our in-house staff. Meals are served in Keller Dining Hall unless your group has requested them to be delivered elsewhere. Your registration should have requested information about your dietary restrictions or preferences. These have to be submitted two-weeks prior to ensure accommodations can be made. If you have questions or concerns about your meal experience while at camp, please speak with your group leader or the Camp Mitchell staff member serving as your meal host.

Lodging

It is the responsibility of the group leaders to make lodging assignments and communicate them to the group participants. Maps of camp are available in Hoke Lodge if you are not provided with one during your registration. An information sheet with emergency contacts, housekeeping requests, and other lodging-related information can be found in each room.

We provide linens, pillows, a summer quilt, white bath towels, a black make-up cloth, and hand soap.

Energy Conscious Efforts

Please make an effort to turn lights off when you leave a room. Be sure doors and windows are fully closed when you leave and when the AC or heat are on. Leave thermostats set low in the winter and high in the summer when the space is not in use. Recommended settings are posted in each room.

Smoking & Alcohol

Smoking is not allowed in buildings or near the entry doors. Please use the tin cans provided. Do not leave cigarette butts on the ground and NEVER flick them off the ridge!

While it is allowed for guests over 21, Camp Mitchell does not provide or serve alcohol to guests. If a group or individual chooses to include alcohol in their event, Camp Mitchell is not responsible for any accidents or injuries that occur. Due to the danger of being located next to the ridge, we strongly encourage guests to monitor and moderate alcohol intake and to designate individuals to look after anyone who might become inebriated.

Pets

Some spaces are pet-friendly, but please ask before assuming. Dogs must be leashed for their own safety and the safety of other pets. Pet-owners assume all responsibility for injury or harm that occurs.
